

Juglet

Medium

Clay

Description

Hard, cream-buff clay with medium grit; cream slip. Piriform shape with rounded bottom; tall cylindrical neck; wide flaring rim; handle, squared in section, from shoulder to middle of neck; two pierced projections at top; opposite, small spout. Decoration in matte red and black paint: on bottom five concentric circles; wavy line outside; on body, oblique lines separated in middle by wide horizontal band of crosshatching; below spout and handle, two vertical lines; around neck, two sets of four parallel parallel lines with single wavy line between; oblique hatching on handle. Rim chipped; paint lightly worn; spout broken off.
